

Browser Registration FAQ's

What is my browser?

Your browser is a software application that lets you visit web pages on the internet. Popular browsers include Google Chrome, Firefox, Safari, and Microsoft Edge. Currently Google Chrome is the most widely used browser in the world and is considered one of the fastest and most secure.

Chrome®

Safari®

Firefox®

Microsoft Edge

Why is my browser info important?

Different browsers have different capabilities. And although these differences may seem minor, it's common for websites to work fine on one browser but poorly on another.

What are Secure Access Codes (SAC)?

A secure access code (SAC) is a randomly generated code sent to an online banking customer via phone, text, or email. These secure access codes are used to confirm your identity and is used as an extra line of security.
